# FINAL STATUS OF LEGISLATION

This booklet contains a list of all the Bills that were introduced into the Nova Scotia House of Assembly during the spring 1990 session of the Nova Scotia Legislature. In addition to the title of the Bill, the name of the member who introduced the Bill is also given. Government Bills are distinquished from Private Member's Bills (non-Government public Bills) and from Private or Local Bills by designating the portfolio of the Minister concerned. Where a Minister introduced a Bill and the portfolio of the Minister is not designated, the Bill is either a Private Member's Bill, a Private Bill or a Local Bill.

In Nova Scotia all public Bills, whether introduced by a Minister of the Crown or by a non-Minister, after receiving second reading, are referred to the Law Amendments Committee. The only exception to this rule is the Appropriations Act which is governed by special rules of the House. All Private or Local Bills, after receiving second reading, are referred to the Committee on Private and Local Bills.

Where a Bill has received Royal Assent, the Chapter number in the 1990 Statutes is given as well as the time of commencement.
